ALBERTA CENTRAL WORKING EAST

Big Gang Engaged Near Edwell.

Yesterday a big gang, consisting of about fifty teams, started work on the eastern branch of the Alberta Central Railway near Edwell, and the work from there will be pushed with all speed until it freezes up.

The right of way is being purchased and everything looks like a big push on the part of the company to cover as much ground as possible in the short time at their command. The frost up to the present time, Chief Engineer McGregor informs us, has not interfered with construction, and owing to the dry state of the land it may be possible to work a month yet.

This will be good news not only for Red Deer, but the east country, as it shows the company intend pushing the line through to completion as soon as possible. The overhead bridge crossing the C. & E. line will be a steel structure, and it will be built this winter.

The bridge crossing the Red Deer river will also probably be built this winter, as sounding is going on as to the probable depth the piers will have to go to reach rock bottom.

Owing to the fact that it is almost impossible to get a gang to build steel work, it is thought this bridge will be built of timber, to be replaced by steel at a future date, but of this we have no definite information.

The camps west are all as busy as beavers, and a great deal of grade is being got ready for the ties and rails, which will follow the grade in the spring.

John T. Moore, President of the company, came in last week and visited the western camps, and was satisfied with the work being accomplished. He will remain in town for a short time.

RED DEER DEFEATED EDMONTON FOR THE RUTHERFORD CUP.

Red Deer High School football team held the Rutherford cup for another season, as they defeated Edmonton 1-0 on Friday last at the school grounds here. Red Deer had a considerably lighter team than the one they won the cup with last spring and they had entertained some fears of losing it. The Edmonton boys came down on Friday, with three of their teachers, rather expecting to take back the cup, but it was slated otherwise. The game was called at 3 p.m. at the school, and a considerable crowd, including a large number of enthusiastic school children, had gathered to see it.

When the Edmonton boys came on the field groans went up from many Red Deer supporters. They certainly looked to be a heavier and even bunched than the home team, but as soon as the game started it was seen that they were no better after all. Red Deer played against the sun in this half and, although Edmonton players had several corner kicks, her goal was in danger, whereas the Edmonton goal was pressed rather closely a couple of times. After half Red Deer had the sun and also a wind in their favor and they practically had the game their own way. In the first fifteen minutes A. Carswell had a splendid chance to score, but missed by being too eager, but the Edmonton goal keeper was kept busy. A few minutes later Markle scored by a pretty shot on a pass from Krause and, this being the only goal scored, Red Deer were winners by 1-0. For Edmonton the teachers Thompson and Keffler at back and half played the best games, and for Red Deer Krause and Markle on the forward line and P. Smith at back played strong. The teams were:

Edmonton goal Red Deer
C. English goal Bob Howson
Fuller backs Mr. Gibson
Thompson backs P. Smith
Keffler halves H. Evans
J. Duncan C. Bremner
C. Butchard B. Gussinger
P. Perraton forwards W. Krause
R. Hallie A. Carswell
E. Jaffray L. Gaetz
J. Crozier C. Carswell
H. Treble G. Markle

W. Hadley refereed the game to the satisfaction of all. In the evening the high school girls gave the team a reception in the assembly hall of the school, though some of the Edmonton team were unable to remain; and we think from all accounts that the boys put in a jolly time, and the teachers thought the Red Deer girls were alright. They returned home on Saturday, promising to come down and take the cup in the spring.

The Edmonton Journal last Thursday said: "To-morrow will be a big day for the football fans of Edmonton. High school, on that date the boys of the local institution journey to Red Deer to play the team of that town for the Rutherford cup, donated as championship emblem by ex-premier of Alberta, Hon. A. C. Rutherford. At present the trophy graces Red Deer, where it is gazed upon by the denizens of that burg, with due reverence. Its stay, it is whispered along the halls of the high school, is but of slightly duration. For some weeks now, ever since school began, in fact, the players of the Edmonton High School have been in hard training, and now are fit to battle for a king's ransom, and

none so poor, but are willing to lose a new silver mug in Edmonton before the snow falls.

The other land reports from the Red Deer camp that in the sight of the mighty pigskin chasers of that city, the silverware is practically nailed to the floor, so to speak, not to be pried loose by any aggregation from Dan to Bethesda (wherever that is), much less to become the property, even for a time, of Edmonton High School. Be this as it may, a battle royal is in store, with the odds in favor of Edmonton.

U.F.A. APPOINT DELEGATES

The Executive of the Provincial Association of the United Farmers of Alberta met in Red Deer on Saturday afternoon last, to appoint delegates to go to Ottawa. It was decided to appoint the entire executive and one delegate will be sent from each union in the Province if possible. The meeting will be in Ottawa on the 16th of December. All the western delegates will meet in Winnipeg on the 12th of December and proceed eastward by special train.

The meeting at Ottawa will be for the purpose of impressing on the government the fact that western farmers want a reduction of the tariff.

It is gratifying to report that the subscription towards the Ladies College has passed the \$9,000 mark. Mr. Keith has gone to Calgary to attend the Provincial Convention and on his return will make a vigorous effort with the citizens committee to add another thousand before the meeting of the synod's Commission which is to be held on Thursday of this week in Red Deer. It is hoped that all who have been considering their share in this splendid effort will have decided the matter before Wednesday evening.

DEATH OF AN OLD TIMER.

William Chamberlain, who came west in 1872, and has resided in Red Deer for a great many years, shot himself at Erskine Sunday last, dying instantly. He was well known in town, having been with Stephen Wilson for many years. He came west with the first detachment of Mounted Police in 1872, and had charge of a detachment at Trail Creek for a time. He was at one time postmaster at Fort Saskatchewan, and was a native of Bristol, England, where he was well connected.

MUSICAL TREAT FOR

RED DEER.

The Ottawa Citizen has the following to say of the Welsh Ladies' Choir, which is to appear in Red Deer, on Monday, Nov. 21st, under the auspices of the Red Deer Citizens' Band: All the voices are sweet and mellow and the emotional singing of both soloists and chorus was fascinating in the deepest degree. . . . The audience was almost wildly enthusiastic and almost every number of the long program was encored, to which generous responses were made. . . . So strong was the appreciation of the concert that a return engagement was suggested and preliminary arrangements made that may lead to a definite decision in the affirmative."

Laurier's Lack of patriotism.

Ottawa, Oct. 25th.—Sir Wilfrid Laurier's old love for the United States breaks out in spots, and although since he became Premier of Canada he has endeavored to bury the fact that he once upon a time advocated annexation with our neighbors, he occasionally forgets himself. His latest utterance regarding the United States in his Montreal speech has caused a good deal of hard feeling. It shows his lack of patriotism, which those who know him best have never accused him of possessing.

"We must not forget that we are behind the United States," he told his Montreal audience, "in the matter of industrial development by at least fifty years."

It will be a real misfortune if Sir Wilfrid Laurier enters into commercial negotiations with the United States, convinced, as the above sentence from his Montreal speech would seem to indicate, of the hopeless industrial inferiority of Canada. Of course a nation of eight million people cannot expect to have the wealth of the industrial strength of a nation of eighty million people. Not even a child would expect it to. In a comparison between Canada and the United States, the fact that one has but one-eighth the population of the other must be taken into consideration. That this is so, is the veriest common sense.

Then, where is Canada's industrial inferiority? In proportion to population, Canada has more mileage of railway than the United States, more mileage in fact than any country on the face of the globe. Canada's manufacturing plants, although less pampered and protected than those of the United States, supply Canada's principal demands and leave millions yearly for export. Canada's almost inexhaustible natural resources are being developed as rapidly as the needs of her people call for. In fact in every industrial relation, any comparison between Canada and the United States, having in mind the differences in population, any comparison based upon per head population shows Canada to be well forward in the world race of the nations for commercial supremacy.

A case whose chief advocate believes to be a poor one, is already half lost. If Sir Wilfrid's belief is as he states, that Canada is industrially fifty years behind the United States, it would only be logical for him, from his point of view, to make any and every sacrifice to link Canada's industrial destiny with that of the United States. But others in Canada, probably the large majority of Canadians believe differently. Others believe that Canada and the United States are on an industrial level, that Canada does not need to shape her industrial and commercial policy upon any national and Imperial considerations.

And this is the view which present day statistics support, and only those who firmly hold such view are capable of doing this country justice in the impending negotiations.

Cruiser Rainbow Scheduled to reach Victoria Nov. 17.

Ottawa, Oct. 27.—C. J. Desbarrets, deputy minister of naval affairs; Admiral Kingsmill and Commander Roper leave on Monday for Victoria, B.C., to receive the cruiser Rainbow, which is scheduled to arrive there on November 7.

Hon. Mr. Templeman may go also to represent the government, but has not yet decided definitely.

The Rainbow will go at once into quarters at Esquimalt, B.C.

The government will present the cruiser with a handsome service of silver plate.

Many dope fiends contracted the drug habit in the cradle

Certain dangerous drugs were given to them in their baby days in the form of "Soothing Syrups," "colic cures" and "infant's friends." The harmful effect of "soothers" containing opium, morphine, chloroform, chloral, etc., cannot be too strongly stated. Do not give baby a "soother" unless you positively must. Then give it

Nyal's SOOTHING SYRUP

and rest content. Nyal's Soothing Syrup contains no opiates. It induces natural, healthy sleep—gives immediate relief to baby, calming the mother's tired nerves—does not put on soft, flabby flesh, making the little folks easy victims of childish diseases.

We wouldn't think of recommending Nyal's Soothing Syrup if we were not certain of its beneficial effects.

Anything you buy with the name **Nyal's** will give you entire satisfaction.

Reported Retirement of Laurier.

Ottawa, Oct. 25th.—On what is declared to be reliable authority, a statement is made that Sir Wilfrid Laurier's present intention is to retire from politics before the next general election.

In fact the deliberate assertion is made that the Premier has announced of this "privately" to at least one of his associates.

While the story does not seem at all likely, in view of the fact that the Premier so very lately undertook an arduous political tour of the West, the unexpected frequently happens.

The reason given for this reported intention of the Premier to retire is that the situation in Quebec Province is so unsatisfactory to him from both a party and personal point of view that Sir Wilfrid has little or no stomach for a campaign to carry the Province at the next general election. His present majority is not from the province of Quebec.

The Government certainly views the inroads of Mr. Bourassa, on the party strength with alarm, and is said not to see much prospect of checking them; and Sir Wilfrid is said to feel this particularly keenly.

Fiddling's position is not an other matter which has depressed the Premier. While the mental facilities and fighting disposition of the Minister of Finance are as keen as ever, he is physically unfit for hard work and active politics at present, and the opinion of his medical advisers is that he should have a prolonged rest. Some others of the Cabinet are on the verge of retirement, and a considerable reorganization seems to loom in the near future.

However, the Premier is a born fighter, and those who know him best declare that his "four years more" cry at the last election was simply political tactics for the occasion, and that we shall surely hear the rally of "another four years more" at the next election.

To finish my work.

The Dominion Parliament will meet Nov. 17th. The session is not expected to be as long as the last one. The tariff, Hudson Bay railway and terminal elevators will be part of the program.

A PLACE TO PLAY.

Plenty of room for dives and dens, Glitter and glare of sin
Plenty of room for prison pens, Gather the criminals in
Plenty of room for jails and courts, Willing enough to pay
But never a place for the lads to meet.

No, never a place to play!
Plenty of room for shops and stores, Mammon must have the best!
Plenty of room for the running sores That rot in the city's breast!
Plenty of room for the lures that lead.

The hearts of our youth astray, But never a cent on a playground spent.

No, never a place to play.
Plenty of room for schools and halls, Plenty of room for art;
Plenty of room for teas and balls, Platform, stage and mart.
Proud is the city—she finds a place For many a fad to-day,
But she's more than blind if she fails to find

A place for the boys to play!
Give them a chance for innocent sport,
Give them a chance for fun— Better a playground than a court
And a jail when the harm is done!
Give them a chance—if you stint them now,
To-morrow you'll have to pay A larger bill for darker play!
So give them a chance to play!
Selected.

Local & General

The fine weather continues. Who will be mayor for 1911?
Jos. Wright, of Calgary, was in town last week.
Mrs. F. S. Simpson was in Edmonton last week.
George Bell has been appointed night policeman.
The glass dropped to five above zero Wednesday night.
Miss Mina Cole was home from Stettler for Thanksgiving.
Mrs. Robt. Husband, of Olds, is the guest of Mrs. R. C. Brumpton.
Mrs. Richardson was moving into her new residence, Mann street east, last week.
Capt. Cottingham and John Norquay were out on a hunting expedition last week.
Mrs. Henderson, wife of Gordon Henderson, barrister, Ottawa, is the guest of Mrs. G. W. Green, Moore.
C. E. Hall's new residence on Mann St. is about completed, and the family will likely move in this week.
The Young People's Guild of the Methodist church held a toffy pull Monday evening, which was well patronized.
N. H. Sorenson has been shipping a large quantity of hogs recently for which he has been paying prices ranging from 75 to 85 cents.
Mr. and Mrs. George Phelps, of Newdale, Man., are visiting their nephew, Mr. W. A. and Mrs. Moore. Mr. Dyson Phelps is down from Edmonton to meet his parents.
The U.F.A. have been shipping hogs recently for which they paid from 80 to 95¢ per pound. The U.F.A. certainly seem to be keeping up prices for the farmers.
Any boy anxious to earn money can secure a position with me. To my best boys I am going to give savings banks and cash prizes. The work is easy and does not interfere with other duties.—Charles L. Huskins, Ross Avenue.
Mayor McKee, through P. Pidgeon, has sold his residence on second Avenue East to Mrs. McBride, of Calgary. Mrs. McBride is one of the old timers of Red Deer, Mr. McBride having had a hardware store here before the railway came in.
Mrs. A. G. Ayers has returned from Penhold, where she has been visiting Mrs. W. G. Stuckland.
C. E. Hall has rented the Purdy residence to contractor Scott. Mr. Hall has had the property thoroughly renovated and fitted up, and it is now a very desirable home.
Mrs. E. Parby came down from Buffalo Lake on Thursday to spend a day with Mrs. Mackenzie and Mrs. Wilkins, prior to the departure of the latter two to Seattle, where they will spend the winter. Mrs. Mackenzie and Mrs. Wilkins will stop over a day in Calgary with Mrs. (Judge) Stuart on their way out.

The Mercy and Help department of the Young Women's Guild and the Methodist church had a pleasant and well attended musicale in the lecture room Tuesday evening. Mr. Huestis presided. Among those who contributed to the vocal and instrumental music were Mrs. Leary, Mrs. Huestis, Mrs. Lawrence, Miss Huestis, the Misses Brumpton, Mr. Makin, Mr. E. M. Wilkins, Mr. W. Wilkins. Mrs. Graves gave a reading, while an amusing tableau "Why We Never Married," was a feature.

Lacombe Fire.

The Cumming's Rink Destroyed

On Monday about 2.30 the Cumming's skating rink was destroyed by fire. About that hour smoke was noticed issuing from the roof of the large structure and an alarm was at once turned in. The brigade responded promptly, and in a few minutes streams of water were pouring on the blaze, while the chemical was doing good work in protecting the residence of G. T. Jackson and the Presbyterian church. The fire had gained such headway before the brigade arrived, that hope of saving the structure was not entertained, and the firemen devoted their entire attention to keeping the fire from spreading from the doomed building. Fortunately there was only a breeze from the south east, and while the new Presbyterian church was in danger, the brigade had no trouble in keeping the roof from catching fire. About fifteen minutes after the fire alarm was turned in, the rink was in ruins. The building was 175 x 80 feet in size.

A number of citizens had furniture and other goods stored in the building, and some rather heavy losses were reported. One of the heaviest losers is L. L. Thompson, who had all his household effects destroyed. His loss is about \$1000 with \$500 insurance. John Fortune is also a loser, as all his cutlery and silverware were stored in the building. Mr. Cumming's household goods were stored in the building. Mr. Cumming had \$500 insurance on household goods and \$3000 on the rink.
The fire has put the curling club out of business, about twenty sets of stones having been left in the building.

HELPING HUMANITY.

Father and Son Viewed Conditions From Opposite Standpoints.
Twenty years ago, says the Chicago Advance, a discouraged young doctor in a large city was called upon by his old father, who came up from a rural district to look after his boy.
"Well, son," he said, "how are you getting along these days?"
"I'm not getting along at all," was the disheartened reply. "I'm not doing a thing."
The old man's countenance fell, but he spoke of courage and patience and perseverance. Later in the day he went with his son to the free dispensary, where the young doctor had an unsolicited position and where he spent an hour or more every day. The father sat by, a silent but intensely interested spectator, while twenty-two poor unfortunate received help. The doctor forgot his visitor while he bent his skilled energies to the task, but hardly had the door closed on the last patient when the old man burst forth: "I thought you told me that you were not doing anything. Why, if I am not mistaken, you have been in a month as much as you have in one morning! I would thank God my life could be so useful to my fellow men."

"There isn't any money in it," thought the old man, somewhat abashed. "Money" the old man should, "silly, silly!" "Money" was the money in connection with being of use to your fellow men! Never mind about money. You go right along at this work every day. It'll go hard to the farm and plow and earn money enough to support you as long as I live—yes, and send every night with the thought that you have helped you to help your fellow men."

PREACHING TO IMPRISONED SPIRITS.
Sermon by CHARLES T. RUSSELL.
Pastor Brooklyn Tabernacle.
"By which also he went and preached unto the spirits in prison" (1. Peter iii, 19).

Knoxville, Tenn., Sept. 25.—A convention of Bible students is in session in this city. Pastor Russell of the Brooklyn Tabernacle, as president of the International Bible Students Association, addressed the students this morning. His audience were large and intelligent. We report one of his addresses from the text foregoing. He said:

Much speculation has been aroused by our text. Some have claimed that it signifies that Christ, after his death on the cross and before his resurrection, went to some place where human spirits are imprisoned in some kind of purgatory and there preached to them. Not only is the Catholic theory in line with this suggestion, but many protestants hold that the dead may be prayed for and that the living may be assisted to escape from eternal torment. All of this is wrong, as we shall show—quite contrary to the teachings of our text when viewed in the light of its context.

Those preached to were not human beings, but spirit beings—not men, but angels. This is clearly stated in verse 22. It tells us that these angels were imprisoned and why. They were imprisoned in the days of Noah, because of the flood. They were imprisoned for disobedience. So we read (verse 19): "He preached unto spirits, which sometime were disobedient, when once the long suffering of God waited in the days of Noah, while he waited for salvation to come to the righteous." Turning back to the Genesis account of that time we find quite a complete record of the disobedience of these angels in the sixth chapter, verses 1-5.

Some time after father Adam's disobedience and his expulsion from Eden—the holy angels were permitted to visit humanity with a view to assisting man back to harmony with God. This disobedience was permitted for a purpose. It was to show that man was not perfect, and that he needed redemption. It was to show that man was not perfect, and that he needed redemption. It was to show that man was not perfect, and that he needed redemption.

Our knowledge of spirit beings and the powers granted to them by the God in heaven is limited to what is revealed in the Bible record. The angels who appeared as young men at our Lord's baptism and again at his ascension, and who, as soon as they had accomplished the purposes of their visit to earth, disappeared, are illustrations of this.

THE LAURIER ARCH ACCOUNTS.

J. L. Crawford, as an astute and clever lawyer, and a member of the Liberal association, made an appeal to the Council Thursday evening last for aid in liquidating the accounts for the Laurier arch built by the Liberal association in honor of Sir Wilfrid's visit to Red Deer last August. He chose his own time, and was most successful, the Council as a body, with Councillor Alföld dissenting, agreeing to practically pay the entire cost of the arch.

The contention of Mr. Crawford, the rest of the deputation, Councillor Gaetz and the Council was that the town had received the benefit of the advertising caused by the arch, and they should pay for it. The arch was called a civic arch, therefore the municipality could not refuse to help meet the expense.

With this line of argument the News has no sympathy, nor is it just to the town.

The Council last July made a grant of \$200 to assist in building the arch. The Liberal Association at the time thought this a generous grant. They were extravagant in their methods and ran up large bills for all sorts of things, they ran into a hole, and like most Liberal demonstrations, were unable to pay their just and lawful bills.

As a last resort they appeal to the Council and Councillor H. H. Gaetz takes charge of the motion and carries it through the Council. H. H. Gaetz above all men in the Council. The one man who is father of government by commission in Red Deer, a system that has been spoken of all over Canada. The motion was never referred to the town Commissioners, Councillor Gaetz took charge of it and carried it through the Council, voting over \$300 more to defray the expenses of a political organization than the town had agreed upon in the first place, and the commissioners were not consulted in the matter so far as we know. Then again, two of the large accounts left unpaid on the arch were, McKee & Cruikshank \$260.75 and H. H. Gaetz \$101.45. This is significant, because it looks as though the last hope of getting these bills paid was to have the council pay them.

If the town had unlimited funds at its disposal there might be some excuse for the Council's action, but when the Board of Trade and Publicity committees are constantly turned down and every expenditure on behalf of the town is looked into with the keenest watchfulness, this grant we consider a breach of trust by the council and as such should be condemned by every citizen of Red Deer.

CORDITE.

Cordite, used by the British soldier, is the outcome of a strange paradox—the result of mixing two most powerful explosives in a smokeless, slow-burning power of great velocity. Nitro-

glycerine and gun-cotton mixed together with a little petroleum jelly make cordite. In the factories women knead the two deadly explosives into a paste with the same unconcern as if they were kneading dough for bread. Indeed, machines similar to those used in bakeries take up the work and knead the buff-colored cordite paste for seven hours.

Then it is forced through molds and issues in long cords (hence its name cordite), the thickness of which is varied according to the weapon in which it is to be used. For big guns cordite is half an inch thick and cut into lengths of 37 inches. Rather more than 1000 of these cordite sticks, packed in two bundles, make up the cartridge for a twelve-inch gun.

For the rifle, cordite is pressed into a very thin string (like the finest macaroni), and 80 of these strands, one and a half inches long, make the neat little bundle which lies inside the cartridge case. For some continental armies cordite is made in thin flat strips like whalebone.

CONTRAST IN CRIMINAL TRIALS.

(New York Tribune.)

It can easily be imagined that if Dr. Crippen had been tried here and had been able to raise a sufficient defence fund, his lawyers would have been able to parallel the discreditable manoeuvres of the Thaw trials. Our criminal cases are conducted more with a view to encouraging sophistication and sharp practice than to striking a just balance between guilt and innocence. A simplification of our procedure is greatly needed. The speedy, orderly and unseasonal trial in London of a case lending itself as conspicuously as Dr. Crippen's did to sensational treatment is a pointed reminder to New York of grave defects in criminal administration which we have never tried to cure.

AN EVIL TO BE AVOIDED.

(Toronto Star.)

Canadian courts are at the parting of the ways. There is a general feeling, in Ontario especially, that too many criminals escape unconvicted; that too much attention is paid to technical objections; that there are too many ways of eluding justice. The Dr. Crippen case is a model for the courts of the province to follow. Such examples of prolonged trials and retrials and final escape as are afforded by the records of United States procedure are the evils which the province must avoid.

RESENTMENT IN THE WEST.

(Calgary Herald.)

There is another party of missionaries coming west from eastern Canada. This part of the country seems to be getting a whole lot of attention from travelling missionaries, and it is hard to imagine just what the reason is. More than likely it is because the bunch back east are so tough that it is not worth while trying to do anything with them.

"Because Red Deer got some benefit from the Laurier arch, the town should pay for it." Never was such a dangerous argument put forward. The News published a costly out of the arch. The town got the benefit, can we collect the cost. Not much. The very men who forked over that \$400 to the Liberal association would laugh at us for such childish simplicity.

TOWN COUNCIL.

The City Fathers Pay for the Arch.

The regular meeting of the Town Council was held on Thursday evening last. His Worship Mayor McKee in the chair, and Councillors Welliver, Tallman, Alföld, Carscallen, Galbraith and Gaetz in attendance.

CORRESPONDENCE.

Canadian Society of Civil Engineers. Montreal, asked for information. The Financial Post wrote stating they felt the debenture market was improving, and believed the town would get a better price for town bonds if held for a short time.

Several letters re. debentures were read and filed. Some of them inferred they were willing to pay a slightly higher price for the debentures if the town would give them a chance.

The High River Board of Trade asked for information re. publicity campaign from Red Deer, and their experience with regard to such campaign.

W. Piper wrote the Council offering \$500 for a piece of land surrounding his brick yard for the purpose of extending his business. He also wanted the privilege of piling his wood on the town property until he could raise the land south of his premises, as it would be dangerous to raise it now as it was under water some of the time in spring.

The Town Solicitors sent in a form of letter the Council could forward to the Western General Electric Co. if they wished to install phones and lights in town offices. This could be done without prejudicing the town case existing against the company.

Moved by Councillor Welliver, seconded by Councillor Gaetz, that the commissioners be authorized to apply to the Western General Electric Co. for installation of lights and telephones in fire hall and offices on terms suggested by solicitors. Same to be without prejudice. Carried.

The Council were notified the Reinbolt case was set down for hearing Nov. 8th, and asked to govern themselves accordingly.

The Council was notified that the hearing of the case regarding Canadian Northern route map to Jasper park set down for Nov. 2 has been postponed indefinitely.

John Galt Engineering Company wrote re. concrete sidewalks, complimenting the Town on getting a good job done at reasonable rates.

A letter was read from G. W. Greene, President of the Board of Trade, asking permission to build a secretary's office adjoining the publicity building near the station, and asked for the \$500 grant promised by the Council for this purpose. Mr. Greene said a voluntary subscription has been raised of \$250 per month for publicity purposes for at least one year, and hoped the Council would entertain the proposition. Commissioners will submit a report to the Council.

COMMISSIONERS' REPORT.

The following report was brought in by the Commissioners: We submit herewith plan of land that W. Piper & Co. are asking to purchase from the town. The area of the piece is 4.12 acres, for which they offer \$500.00. This is at the rate of \$121.36 per acre. We have requested the Townships Co. to have the transfer prepared for the land purchased as a park, and to inform us as to the acreage in the piece.

We beg to suggest to the members of the Council that they consider the advisability of endorsing the resolution passed unanimously by the Council of the City of Edmonton, petitioning the Provincial Government to investigate the water powers of Alberta with a view to installing a hydro electric system, whereby municipalities may obtain cheap power, and that the Union of Alberta Municipalities be requested to assist in the movement.

We deem it advisable to put Geo. Bell on night police duty. We recommend that he be appointed night constable at a salary of \$80 per month.

We purpose having the streets cleared of stones and rubbish before freeze up, and to have as many of the streets as possible levelled and the holes in them filled. We have had a split log drag made to help do this. We will also have all sidewalks inspected and repaired wherever required.

We recommend that we be authorized to have a sidewalk built on 2nd St. North from 1st Ave East to the rink, a distance of 200 feet. We are unable to present the final statement of cost of the cement sidewalks at this meeting, but will

try to have it for the next one.

Greene & Payne report that the judgment in the Western General case had been found recently in the Deputy Clerk's office where it had been mislaid for some weeks.

We loaned the new diaphragm pump to the Alberta Central Railway Co. for a few days to enable them to sink test pits for piers for the new bridge over the Red Deer river bridge over the Red Deer.

We recommend that no water or sewer connections be put in after freeze up as, from our experience during the last few winters, we find it impossible to prevent the earth settling in the spring and, in many cases, breaking the connections, which have then to be dug up and repaired at considerable cost. Any ratepayers wanting services installed should make application at the Town office at once.

Mr. Stainton, Inspector of the Fire Underwriters' Ass'n, is in town inspecting our waterworks and fire system. He turned in an alarm today for the purpose of testing the fire pressure. As soon as the pump house is in proper running order and everything completed we will again take up the matter of getting a reduction of insurance rates.

Several subdivisions of land within the school district close to town have

been made recently, and no doubt these lands will be taken into the Town in the future. We recommend that the Department of Public Works at Edmonton be requested to withhold approval of any plans submitted to them of subdivisions close to Red Deer until plans have been submitted to the Town.

We recommend that a by-law be prepared providing for the cleaning of snow off the cement sidewalks by the owners or tenants of the property fronting on them. It will be impossible for the town to do this. Some discussion took place on the transfer of land to the Piper Brick Co.

Councillor Galbraith favored leasing the land at will of Council.

Councillor Tallman did not think that would work. Nobody would build up a yard to be wiped out at the will of the Council.

Councillor Alföld did not think we could sell any of the park land without consulting the ratepayers as the property was purchased for a specific purpose, namely, that of a park.

Councillor Carscallen felt we should strive to make some kind of a compromise by leasing or some such scheme.

On motion of Councillors Welliver

and Carscallen, it was decided to discuss the sale of land to W. Piper when the Council next meets for the land at a special meeting.

Report was adopted as amended. Councillors Gaetz and Galbraith moved that, whereas it is deemed that the conservation of the water powers of the streams of the province and the development of the same by the government for the benefit of the people as a whole, is a matter of vital importance to our future development, be it resolved that the Council petition the Government of the province to appoint a commission to investigate the water power resources of Alberta with a view to the establishment of a hydro electric system by the province. And be it further resolved that this Council petition the Executive Council of the Union of Alberta Municipalities to urge this matter upon the Government of the province in the interests of the various municipalities therein. Carried.

A MODERN MIRACLE FACTS SHOWS HOW ZAM-BUK CURES ARE PERMANENT

1. He had Eczema for 25 years.
2. His hands were so bad he had to wear gloves day and night.
3. Doctors said he could never be cured.
4. For 25 years he tried for cure in vain.
5. Then he tried ZAM-BUK.
6. ZAM-BUK cured him.
7. TO-DAY, three years after his cure, he says:

Mr. T. M. Marsh of 101 Dolorimier Ave., Montreal, has had this wonderful experience of Zam-Buk. Mr. Marsh has lived in Montreal for over 30 years, many of them at his present address. He is well known and is willing to satisfy any enquirer as to the genuineness of his cure. He suffered 25 years from eczema in the hands and had to wear gloves day and night, the itching was so terrible when the skin got to the sore. Doctors said there was no cure. Three years ago Zam-Buk cured him. Interviewed a few weeks ago he said:

"From the day I was cured by Zam-Buk to the present moment I have had no trace of the eczema and feel sure it will never return. When I think of the marvelous cure Zam-Buk worked in my case I am more and more impressed by the value of this great household balm. I have had letters of enquiry from all over Canada, and am glad to personally corroborate the published facts of my cure."

ROD AND GUN FOR OCTOBER.

Big Game hunting is to the fore in the October issue of Rod and Gun in Canada, published by W. J. Taylor, Limited, Woodstock, Ont., and sportsmen intending to try their fortunes in the woods this season will find the number particularly attractive. Moose, deer, grizzlies, mountain lions and wolves are all told about and both stories and illustrations are sound to find response in echoes with all hunters. In each case the experiences related are personal and therefore far more interesting than any imaginary tales. In addition to the game stories there are numerous attractive papers dealing with other phases of outdoor life and both the east and west of Canada receive attention in this way. A fully illustrated account of the Dominion trap shooting meet at Moncton is included. Canadian sportsmen may take up this issue, confident of finding within its pages something to interest them whatever may be their particular inclination in matters of sport. The variety of ground cover is reasonable and probably accurate for the continued and wide interest aroused by the Magazine in the sporting advantages and possibilities of Canada.

District Court Sittings Last week.

DISTRICT COURT.

(Before His Honor Judge Lees)

Loiselle v. Tancie.—Action by L. Loiselle for amount alleged to be due on wages. Judgment for defendant with costs. Motion for plaintiff: Crawford for defendant.

Wilkes v. Irwin.—Action for wages. Defendant claimed that Wilkes had not given one month's notice, but the Judge held that defendant in a letter had practically waived notice and gave judgment for plaintiff for \$20, interest, and costs. Crawford for plaintiff; Payne for defendant.

Reid v. Plumb.—Action by plaintiff Plumb, against E. Plumb on a \$5 check on which Plumb had stopped and cashed because of some damage alleged to have been done by plaintiff to defendant's horse, for which damage he counterclaimed. Judgment for plaintiff with costs defendant's counterclaim dismissed without costs. Crawford for plaintiff. Defendant conducted his own case.

Biggart v. S. Johnson.—Action by Alex. Biggart, Solicitor, against S. Johnson for wages of his son, goods and material supplied to defendant. Defendant claimed that the son's services were not worth half what was claimed, and set up a counterclaim for \$120—granary \$35, and barley \$85—alleging that the granary and its contents had been destroyed owing to the Biggart children setting fire to the building. Judgment for plaintiff for \$44.85 and costs: the defendant's counterclaim to be dismissed with the plaintiff's costs against it. Crawford for plaintiff; Moore for defendant.

Root v. Eversole.—Action for \$52, alleged overpaid defendant in settling wages and other matters of account. Defence was that he was entitled to all money paid him. The Judge held that in this case the onus rested on the plaintiff to prove his case, whereas the facts of the parties concerned did not agree, and held also that the documentary evidence in a book of accounts offered by plaintiff in corroboration of his claim was confused and unsatisfactory. Judgment for defendant with costs. Mr. Greene or plaintiff; Mr. Moore for defendant.

Biggart v. J. Johnson.—Action for board, &c., to the amount of some \$50. Judgment for plaintiff with costs. Mr. Crawford for plaintiff; Mr. Moore for defendant.

Biggart v. N. J. Johnson.—Action for board, feeding cattle, &c. The defendant, a son of Mr. S. Johnson, did not appear, and the plaintiff was allowed some \$50, the amount of his claim.

Several cases were postponed to the next court.

DISTRICT JUDGE'S CRIMINAL COURT

(Before His Honor Judge Lees)

Res. v. Pontifex.—This was a charge of theft against A. C. Pontifex, Trenville, for taking a half set of new harness belonging to George Wallace, Glareholm, from the ivery car of F. L. Cottle, Red Deer. Mr. Wallace was up here selling horses some time ago, and brought up some four sets of harness to show off his horses. When he left he was out half a set of harness of which no trace was left. Subsequently while out in the east country, Mr. Cottle heard that Pontifex had a half set of new harness from Red Deer at the time it disappeared from Mr. Cottle's barn. Corp. Plant took the case in hand, the harness was identified Pontifex's explanations of how he came by that and other goods on his place claimed by neighbors were unsatisfactory, and he was found guilty and sentenced to one year in jail.

In pronouncing sentence, the Judge said that it was greatly to the interest that goods left in railway cars, railway stations, hotels, livery barns and other public places, for the convenience of the owners, should be protected by the law, and hence the sentence was a little more severe on that account. Mr. Crawford appeared for the Crown; Mr. Payne for the accused.

while other incidents which occurred lately have caused the English-speaking supporters of the government to look with suspicion upon its actions.

The ministry hopes to have a short session in view of the Imperial conference in May and the coronation in June, both of which Sir Wilfrid will attend.

Printing Bureau Scandal.

Hon. Charles Murphy is piling up Trouble for Himself.

Ottawa, Oct. 29.—Hon. Charles Murphy is a young minister who ostensibly has been clearing off the Government Printing Bureau. There were scandals undoubtedly which he and the Government refused to inquire into when the Opposition asked that when he was found by the probing he instituted was affecting good Liberals, who had been applying the Government with goods, he stopped and turned his attention to the reform of the inquiry.

This purpose is to get rid of the old employees who were appointed before the Liberals came into office. Men who have been in the government service for twenty or thirty years are being turned aside in their declining years. They are being dismissed without being a reason.

There is this to be said of Hon. R. W. Scott, the late Secretary of State, that when he was in office he did not interfere with the old Conservative employees who were thoroughly competent men, nor did he, as the representative Irish Catholic in the Cabinet, allow his religious convictions to interfere with his sense of justice, but the same cannot be said of his successor.

His aim is to get rid of the old timers. Every Conservative vote driven out of Ottawa helps the Liberal party, for the country generally seems to look to Ottawa for guidance in its voting. Even with the wholesale introduction of Liberal votes into the city during the last few years, the people of the city have become so disgusted with the prevailing condition of things, the bribery and corruption, and the barefaced thievery of the public purse, that Sir Wilfrid Laurier himself as the candidate at the last election the Liberal majority was reduced from about 1000 to about 400. Every civil servant outside or inside was forced to the polls to make the result sure.

It will thus be seen that where the government is known best there the people rose to destroy it, they could not. It was the people against the machine, and the machine did the trick, but it just scraped home.

Valley Centre School-- Nelson Shield Presentation.

The social and entertainment held on Monday night, the 31st of October, under the auspices of the School Board and V. C. Literary Society, was a pronounced success, a large crowd being present.

The evening opened with Thos. Brown in the chair. The presentation of the Nelson Shield by the chairman to Mrs. Moir, who is teaching her sixth year in this school, as a student, was the event of the evening. Rev. Mr. Parr favored us with select readings and recitations, which received the hearty applause of all present. The reading of the "Chip Basket" was the most amusing feature of the evening. Madam Moir and Badwell, editors, are to be congratulated on their success. Some of the boys thought the paper rather hard on them, but they must not blame the editors, for they are not responsible for correspondence. The rest of special notice in the program were: Mrs. Rowell; Misses Briggs-McKee, Purdie; Messrs. J. Badwell, D. Kinley, L. E. Brown, Purdie, L. Brown; Masters Ewart Taylor and Cyril Rowell.

After the program a collection was taken up, realizing \$8.20. Part of this going as a donation for the Nelson Shield, the balance to be divided equally between the Literary Society and the school library.

The best part of the program was left to the last. The ladies had prepared an excellent supply of entertainment, everybody enjoyed the eat and still lots left over.

A vote of thanks for the ladies was manifested in three hearty cheers. Messrs were also given for the chairman.

The evening closed by singing God Save the King.

We were glad to see so many visitors from surrounding districts present. We hope to have them with us again in the near future.

The next meeting of the Valley Centre Literary Society will be held in the school house on Friday, Nov. 11, commencing at 8 p.m. sharp. Everybody cordially invited. Come early to secure seats.

LESLIEVILLE.

The box social held in the Prairie Rose school house on Friday, Oct. 21st, was well attended. There was a short programme given in the early part of the evening, and the boxes were sold afterward. T. W. Ensign acted as auctioneer, and great credit is due Ted for the splendid way in which he made the money for the committee. All enjoyed the delightful lunches put up by the ladies, and the thanks of the committee is due to all who assisted in any way.

Miss Beatrice Foreman is home again, having spent a short time visiting friends in Red Deer.

Mrs. H. W. Small is visiting from Red Deer at present.

Holloway Bros. held an unreserved auction sale on the 31st.

A. E. T. Eckford and his mother, Mrs. Eckford, of Eckville, were visiting friends in this district last Wednesday.

The Leslieville school house was crowded on Monday evening last. All Hallowe'en, when the bachelors supper was a surprise to all. Besides hammock, cooked on both sides and sometimes on the bottom, there were surprises in the way of boiled beans and bacon. Wonderful dishes cooked beside the camp fires when there was nothing but shoe leather and birch bark in sight. Novel dishes relative to several forms of rabbit, and other tempting old time relishes were in evidence, and the exhilaration caused by the dishes dished up made some of the old timers weep for joy. Altogether the supper was a great success.

ECKVILLE U.F.A.

The usual monthly meeting of the above was held on last Saturday. The attendance was fair. Two new members were enrolled. The question of forming a pound district was taken up. All the members entered, voting favorably, the Secretary was instructed to draft a petition and have same signed by as many farmers as possible, residing within the proposed district, which comprised the whole of township 39, range 3.

The following was listed for sale: A Mister—A few choice young pigs also a cook stove. J. Dekker, about 100 bushels potatoes at 65 cents. L. Stoppan, about 308 bushels Turkey Red winter corn at 85 cents, also about 50 bushels potatoes at 65 cents. J. Bernard and H. Polson, a quantity of turnips at 50 cents per bush.

Five names were put forward to form a committee to look after the dances and other entertainments of a like nature proposed to be held during the coming winter. The date of next meeting was fixed for Saturday November 26th at 2 o'clock. All members please take this notice.

POPLAR RIDGE.

Rev. C. H. Huestis took charge of service Sunday afternoon. Rev. A. Barner is due next Sunday.

Thos. East has purchased the farm adjoining his own from Edward Chestnut, of Moyir, B.C. Messrs. R. Baswell, F. B. Fisher and J. S. Eagle took a trip to all Baswell's homestead at Leslieville last Sunday.

Mrs. H. S. Strong is spending the week at Calgary, taking in the S. S. convention and visiting old friends.

CHILD KICKED BY HORSE.

A little ten year old daughter of Mr. and Mrs. H. M. Field, of Edwell, was kicked in the head by a horse yesterday morning, and severely injured. Dr. Collison had the little sufferer in to the hospital, accompanied by Mrs. Field, in a short time and everything is being done for her that is possible. The doctor cannot yet tell what the outcome will be, but she is seriously injured, and he hopes she will recover.
